

INNOVALITE™

Solar-powered LED Light

Solar-powered LED light for above-ground pools

- High-power LED light
- COB technology (chip-on-set)
- Renewable energy
- Ecological
- 3 hours of autonomy.
- Solar panel installed on the pool lip.
- No need of a 110V outlet.
- No wiring required outside of the pool.
- COB is the new generation of LED lighting, which uses a cutting edge packaging technology.
- Fits all pool steps from Lumi-O | Innovaplas and Access Resin Peoducts.
- Generates very little heat and consumes 90% less energy than halogen bulbs.
