FROG'S BAM! GOOD

THE POOL CARE 1-2-3 PUNCH

POOL FROG® has long been the best choice for mineral pool care because it's the only 2-in-1 system that combines minerals with precise low levels of chlorine. With FROG BAM®'s unique mineral formula tailor-made for preventing algae up to 90 days, POOL FROG® is 3-in-1—landing the knock-out punch. Algae never had a chance.

AND THE WINNER IS:

You and your pool! With an easy 3-step system that cuts work and reduces chlorine, your pool never felt better, looked clearer or took less time to take care of. Simply replace the POOL FROG® Mineral Reservoir every season, POOL FROG® Bac Pac every 1-3 weeks and FROG BAM® every 90 days. Sit back, relax with the peace of mind that FROG® guarantees fun!

YES, WE DID SAY GUARANTEED!

No doubt about it—algae is a pool's worst nightmare. Even with a great water care system like POOL FROG®, those steaming summer days, poor circulation pockets or accidental drops in chlorine levels could cause what no pool owner ever asks for. How can you guarantee that algae won't ruin your summer this year? With POOL FROG® and FROG BAM®, algae is history, hasta la vista, out-a-here, see you later, bye bye!

* King Technology Inc. warrants its FROG BAM® for a period of 90 days to eliminate algae from your personal in ground or above ground swimming pool when used properly with the POOL FROG® Mineral System and if (a) a new FROG BAM® is added to the pool every 90 days (b) the POOL FROG® Mineral Reservoir has been replaced within 6 months (c) the pool maintains a chlorine residual of at least 0.5 ppm at all times and (d) the pool is properly balanced.
