

THIRTY YEAR – LINER WARRANTY

This limited warranty covers defects in workmanship causing any liner to separate at its seam during the warranty period. Examine your liner carefully before installing. Handle your liner carefully during inspection and installation, as the manufacturer is not responsible for tears or punctures caused by improper handling. A 6" cove must be put inside around the base of the wall to protect the liner from contacting the pool frame.

WHAT DOES THIS WARRANTY NOT COVER? Mechanical damage (rips, tears, punctures) of any kind are not covered by this warranty. This warranty does not cover damage due to negligence, improper installation, wind or ice, transportation, storage, improper use, failure to follow the product instructions or to perform any preventative maintenance, modifications, unauthorized repair, improper chemical utilization, or external causes such as accidents, acts of God, or other actions or events beyond manufacturer's reasonable control. Irregularities in printing, fading or damage resulting from acts of others, including improper handling and storage, are specifically excluded. The warranty is void against shrinkage if the pool is emptied; the pool should be cleaned with proper filtration and chemicals.
